

LAMINATE CLEANER

ANTISTATIC DETERGENT FOR LAMINATE FLOORINGS

TECHNICAL DATA SHEET

Laminate Cleaner is a neutral cleaner for laminate floors, ready to use. It cleans and refreshes the surface. Rinsing with water is not required. Thanks to its antistatic properties, it slows down dust accumulation. It cleans the surface and provides an uniform, streak-free appearance. The cleaner is highly effective at removing dirt, as it is sufficient to apply it to the surface and wipe without rinsing.

Technical data at (20°C – 60% R.H.)

Appearance	Transparent liquid
Density	App. 1,00 kg/l
pH	7,0
Storage	24 months in sealed original package – Frost sensitive
Packaging	Plastic bottles 1 L

Instructions of use:

Apply a small amount of LAMINATE CLEANER onto a damp and well-wrung cloth and clean the surface. Rinsing with water is not required. The surface dries quickly and the cleaner does not leave streaks. In case of stubborn dirt (black rubber marks from shoes, grease stains, etc.), apply the cleaner directly to the affected area, leave it to act for a few moments, and gently wipe with a clean sponge or a soft cotton cloth.

Notes:

- Shake well before use
- Laminate floors are made from a wood-based core that may undergo dimensional changes when exposed to moisture; therefore, use as little liquid as possible for cleaning.
- Always use a well-wrung cloth and avoid leaving water on the surface.

Safety regulations:

The product is intended for professional use only. Strictly follow the instructions on the labels and review the safety data sheet before use. The product complies with Regulation EC 648/2004 on detergents – contains less than 5%: non-ionic surfactants, EDTA. Scent. Biodegradable in accordance with the legislation.

Waste disposal:

Dispose of unused product and empty packaging in accordance with applicable local regulations.

Supplier:	Alpod d.o.o., Slovenia
Product code:	FLECAR-CLE030
EAN code:	3830086314688
