

VINYL CLEANER

DETERGENT FOR VINYL FLOORING

TECHNICAL DATA SHEET

Highly concentrated neutral cleaner for the daily cleaning of floor surfaces.

Suitable for frequent cleaning of LVT, SPC, and vinyl floor coverings. Also suitable on porcelain stoneware, resin floors and marble. Thanks to its excellent degreasing power, it achieves excellent results against heavy dirt. It leaves no marks, and due to its neutral pH value, it does not change the gloss of the material.

Technical data at (20°C – 60% R.H.)

Appearance	Green liquid
Density	1,00 kg/L
pH	9,0 – Pure 7,5 – Ready to use product
Mixing ratio – daily cleaning	120 ml in 5 litres of water (3 caps)
Storage	24 months in original sealed packaging – Frost sensitive
Packaging	Plastic bottles 1 L

Instructions of use:

Before washing the floor, first remove dust and dirt with a broom or vacuum cleaner. Pour 3 caps of VINYL CLEANER into 5 liters of water; in case of heavy dirt, use 4–5 caps. Clean the floor with a well-wrung cloth or mop. Rinsing is not required. It can also be used with a floor cleaning machine.

Notes:

- Shake well before use
- Do not exceed the recommended dilution ratio and do not exceed the applied amount of the product

Safety regulations:

The product is intended for professional use only. Strictly follow the instructions on the labels and read the safety data sheet before use.

The list of ingredients complies with Regulation EC 648/2004 on detergents – contains less than 5%: anionic and non-ionic surfactants, EDTA, phosphoric esters. Perfume. Biodegradable in accordance with the law.

Waste disposal:

Dispose of unused product and empty packaging in accordance with applicable local regulations.

Supplier:	Alpod d.o.o., Slovenia
